Education

VIT Bhopal University

Expected 2026

Integrated M.Tech. in Computer Science and Engineering (Computation and Data Science)

CGPA: 8.64/10

AKLANK Day Boarding, Kota

2020

Senior Secondary (Class XII)

88.2%

Technical Skills

Languages: Python, C++, SQL

Frameworks: Flask, Pandas, scikit-learn, NumPy, Seaborn

Tools: Git, MySQL, Dialogflow, Render

Data Science Skills: Data Cleaning, Feature Engineering, NLP

Projects

Potato Leaf Disease Classifier

GitHub [🔗](#)

- Developed a high-accuracy Convolutional Neural Network (CNN) to classify potato leaf images as *Early Blight*, *Late Blight*, or *Healthy* using the PlantVillage dataset.
- Achieved **97–100% classification accuracy**, automating disease detection and minimizing manual inspection for farmers.
- Applied advanced image preprocessing and augmentation to deliver a scalable, production-ready AI model for early disease detection in sustainable agriculture.

InboxGuard – SMS Spam Classifier

GitHub [🔗](#) Live Demo [🔗](#)

- Built end-to-end SMS spam classifier using TF-IDF and Naive Bayes (NLP).
- Engineered scalable preprocessing pipeline: tokenization, stopword removal, stemming.
- Live predictions via Flask; deployed on Render with full UI and REST API.
- Achieved 97% accuracy and 1.00 precision on test set with <1s latency.
- Modularized for easy integration into other messaging or security products.

Telegram Tech Quiz Bot

GitHub [🔗](#)

- Built a technical MCQ chatbot using Flask backend and Dialogflow NLP for real-time quizzes.
- Integrated Open Trivia DB API for dynamic, category-wise questions.
- Implemented intent-based conversational logic and RESTful communication.
- Showcased scalable API design, webhook integration, and conversational flow.

Certifications

Applied Machine Learning in Python [🔗](#) (UMich, Coursera) Data Analysis with Python [🔗](#) (IBM, Coursera) Fundamental Tools of Data Wrangling [🔗](#) (UCBoulder, Coursera)

Achievements

- Solved **500+ unique DSA problems** (GFG [🔗](#), LeetCode [🔗](#)); consistent coding streaks.
- Maintained strong contest performance: **GFG 1807 (Level 4, Top 7.97%)**, **LeetCode 1602, Top 22.84%**.
- Completed 100 Days of DSA [🔗](#) (100+ days, badges); GFG 160 Challenge [🔗](#) (80+ day streak).
